

Garador™
Your Garage Door Specialists

A colour to suit your style

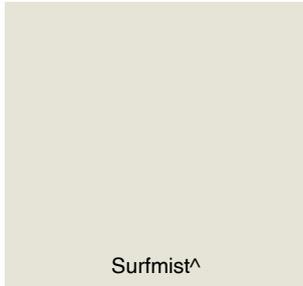

Once you've chosen a style of garage door and decided on the finish, all you have to do is find the right colour. With such a wide range of colour options available, you really can personalise your garage door by choosing the colour you love.

The right choice

All of our pre-painted steel is made in New Zealand for New Zealand conditions. Garador garage doors are made from COLORSTEEL®. With over 30 years of experience, COLORSTEEL® is made with custom paint formulations to provide excellent colour performance and scratch resistance.

Titania

Looking for something else?

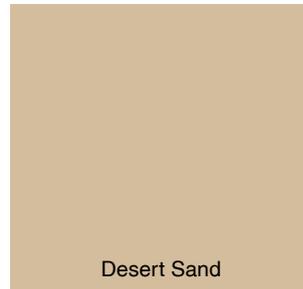

We have teamed up with Dulux to offer over 100 optional powder coated colours. Powder coating is a process where our garage doors are covered with a polyester or epoxy powder, which is then heated to fuse into a protective layer. You get an excellent finish and the choice of just about any colour you want.

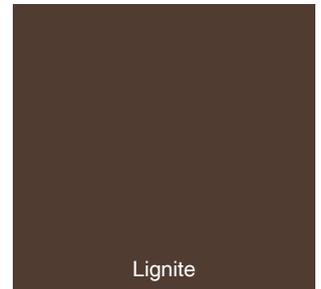

Zinalume®

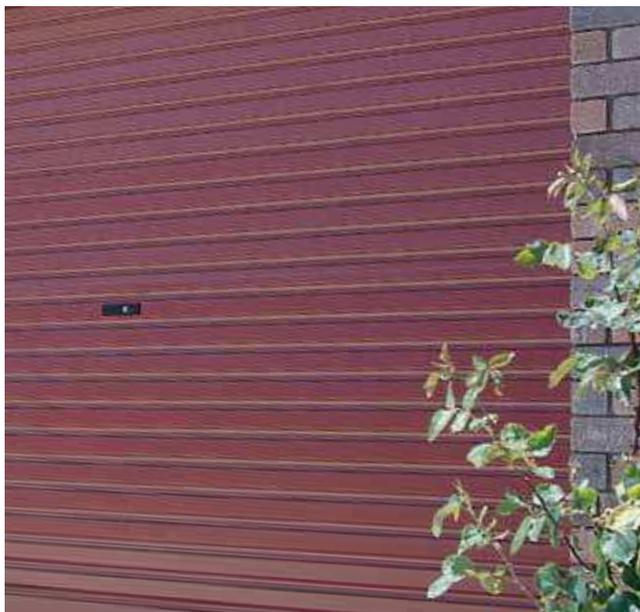

Smooth Cream

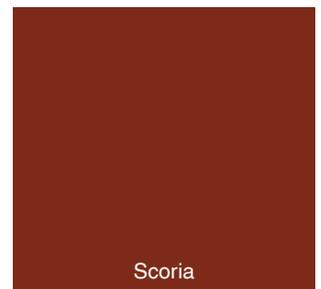

Desert Sand

Lignite

Pioneer Red*

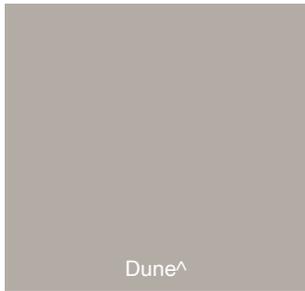

Scoria

Disclaimer

The colours in this gallery are intended as a guide only and are not available in all door styles. Refer to the applicable style brochure for a colour matrix. If colour selection is critical please request a steel colour sample from your local Garador dealer. Please make contact with your Garador dealer for advice and samples. Garador reserves the right to change/delete colours without notice.

*Available for Roller Door styles only.

^ Primarily an Australian Colorbond® Colour.
